

Cell discussion suggestions - Heed the manifesto Lk.4:14-21

Do you believe that Jesus' claims for himself in this passage are true?

Does he still do these things today?

Are they true for us - all, some?

How do you think Jesus' claims for himself might/should affect us in our ministry for him?

i.e. what impact will we see on others if we believe them and act as guided by, and in the power of, the Holy Spirit?
